

SCAVENGER HUNT for KIDS

Look at art like an artist!

Look very carefully at the sculptures in downtown Hopkins. Can you find the following things? (Write the name of the sculpture on the line following each item.)

1. A shoe _____
2. A grape _____
3. Hands _____
4. A smoke stack _____

Artists think about things like form, shape, line, texture, and color when they make art. These are called the “elements” of art.

Let’s think about shapes—one kind of shape is a circle. Find the two sculptures that are called “Variation on a Circular Theme.” How many parts of circles can you count? _____

Circles are all over—not just in sculpture. What other circles can you see in town?

Which sculpture makes you feel happiest?

Why? _____

Don't forget to vote for your favorite sculpture! Ballots are located on the other side of this flap.
